Description

Custom built authentic 18 foot x 13 foot pole to pole with a one foot overhang chickee hut. The main posts going into the ground will be 8" to 10" in diameter and will be sleeved. We use hand selected Florida native cypress poles. The thatched roof will be made from fresh cut Florida palm fronds individually attached to the purlins.

Our chickee hut construction has been passed down over years of tried and true design by members of the Seminole Indian Tribe.
