Roof Diaphragm

Contractor acknowledges that as required by Florida Building Code Sixth Edition (2017), Existing Building Sections 706.7.1, 706.7.2, 706.8, the structure will be evaluated and noted within Re-roof affidavit.

FBC-EB 6th 2017 706.8 & Collier County Ord. 93-62: Roof to wall connections:

When a roof covering on an existing site-built single-family residential structure is removed and replaced on a building, permitted before September 14, 1993, that has an appraised value of \$300,000 or more, roof to wall connections shall be improved as required by Section 706.8.1.

Year single-family home was constructed: 1980

Improved value of structure: \$ 272,505

If single family home permitted before September 14, 1993 and structure valued greater than \$300,000, a Hurricane Mitigation Affidavit will be required prior to this permit receiving certificate of completion.

Please refer to Collier County Bulletin #8: Roof Permits for further information.

Structure year and improved value information may be found on the Collier County Property Appraiser's website.
