The described portion of the structure has been inspected for compliance with the requirements of the FBC 7th Edition 2020 for the occupancy and division of occupancy and the use for which the proposed occupancy is classified. For buildings and structures in flood hazard areas, documentation of the as-built lowest floor elevation has been provided and is retained in the records of the authority having jurisdiction. Note: A new certificate is required if the use of the building or premises is changed, or if alterations are made to the building or property described. A new certificate voids any certificate or prior date.
