Re Willoughby Preserve
Engineer SFWMD Certification
PL20150000872

Dear Joe,

This letter is submitted to provide certification that the drainage system on site meets Collier County and SFWMD requirements. The site was under the threshold for the ERP process and is self-certified based on the record drawings provided and site observations made. The drainage system has been constructed in accordance with Collier County Ordinances and Regulations. Site inspections were performed during the duration of this project. Please let me know if you need any additional information regarding certification.

Sincerely,

A handwritten signature in blue ink, appearing to read 'CHAGAN', with a long horizontal flourish extending to the right.

Chris Hagan
