

MEMORANDUM

DATE: November 16, 2022

TO: **Rachel Hansen, Principal Planner**
Collier County– Planning and Zoning Division
Laura DeJohnVEN, Principal Planner
Collier County – Growth Management Department

FROM: Patrick Vanasse, AICP 
The Neighborhood Company

PROJECT NAME(S): Vanderbilt Beach Road Residential Subdistrict Growth Management Plan Amendment (GMPA) (**PL20220003213**);
Ascend Naples Residential Planned Unit Development (RPUD) (**20220002908**)

SUBJECT: In-Person Neighborhood Information Meeting (NIM) Summary

The Ascend Naples Virtual Neighborhood Information Meeting was held on November 16, 2022, at approximately 6:15pm.

Applicant and Agent Attendees are as follows:

- David Bastos, President – CIG Communities
- Patrick Vanasse, AICP, President – The Neighborhood Company
- Blake Finnegan, Planner – The Neighborhood Company
- Richard D. Yovanovich, Esq – CYK Law Firm
- Rachel Hansen, Principal Planner – Collier County Planning and Zoning Division
- Laura DeJohnVEN, Principal Planner – Collier County Growth Management Department
- Michael Bosi, Zoning Division Director – Collier County
- Kathy Eastly, Planner II – Collier County Planning and Zoning Division
- Jenna Buzzacco Foerster, Public Affairs Director – Gravina, Smith, Matte & Arnold
- Norm Trebilcock, AICP, PTOE, PE – Trebilcock Consulting Solutions, PA
- Josh Fruth, Vice President of Engineering – Peninsula Engineering

Due to unforeseen circumstances, the meeting was held outside of the venue in the courtyard. The applicant had a signed contract and reservation for the venue from 4:00pm to 7:00pm. Nobody showed up to open the doors. After brief discussions with the public, the majority wanted to carry on with the meeting outside rather than reschedule. It should be noted that the facilities director responsible for set up and access to the venue was involved in a car accident. A co-worker showed up halfway through the meeting to open the venue. The public was invited to use the restroom facilities, and the meeting carried on outside. The following provides a summary of the meeting presentation along with questions, concerns or issues that were raised at the meeting; and the applicant's responses:

Presentation Summary (Started at approximately 6:15 pm):

He then began the meeting introducing himself and the project team. He then started the presentation by providing a brief overview of the Comprehensive Plan Map Amendment and Planned Development rezone under review by the Collier County Planning and Zoning Department staff. Mr. Vanasse provided details about the existing property regarding its location, current zoning, future land use designation, and adjacent land use designations.

From there, Mr. Vanasse further outlined the request of the applicant that was submitted to Collier County and explained that the GMPA and PUDZ are requested in order to allow a multi-family rental project with a commitment to provide 30% of the units as workforce housing. This involved detailing the Comprehensive Plan Map Amendment and reviewing the existing Future Land Use Map (FLUM). He then explained the proposed small scale Growth Management Plan Amendment (GMPA) application to remove the property from the Golden Gate Area Master Plan (GGAMP) and designate it as "Vanderbilt Beach Road Residential Subdistrict".

Mr. Vanasse then reviewed the proposed Planned Development rezone from Estates to RPUD. He discussed the Master Plan and the specific details proposed related to the plan. Such details included setbacks, buffers, distance separation from adjacent uses, and other specific site design components. Line-of-sight exhibits of the proposed project were displayed from each direction. Mr. Vanasse then shared some additional benefits of the project while also emphasizing efforts that have been made to ensure compatibility with surrounding properties. The presentation concluded with Mr. Vanasse outlining the process and timeline for the application review process and future public hearings. He then noted all documents associated with this application were available on the county portal. The floor was then opened for questions. Residents were required to type-in their questions in the chat box which were then addressed individually after the meeting presentation had concluded.

Questions Summary:

C: I would like to ask for a copy of this presentation please so we can see the details?

A: *Not a problem. All application materials with the county are public record. The portal on their website is called CityView. Through CityView you can view all documents associated with this project. We will also post the presentation on the project's website.*

Q: Will there be a traffic light associated with this project on Vanderbilt?

A: *No, we are not proposing a traffic light for this project. A traffic light would not be proposed by the developer. This is something that needs to be warranted through county traffic data. At this time, it is our understanding that we do not meet any of those warrants, therefore, there will not be a proposed traffic light. Our project will only include a right-in right-out. If there was a full median opening there might be a need for a traffic light, but at this time we will not have a median opening.*

Q: My biggest concern also centers on traffic. We are just getting into season right now and all the roads are jammed. We are talking about 208 units. I am estimating two cars per unit, and I think there will be two and a half. I have been through this before in Maryland in which the developer insisted there would be no

traffic problems. For a residential project. After further analyzing the data, they realized the study was done incorrectly and there ended up being major impacts. I see the same thing centering here. I want to make sure this U-turn issue is addressed, because it is a problem at intersections. U-turns and intersections jam up traffic. If it's right turn into this community and they head east, they will hit Collier Boulevard or hit a U-turn area and I guarantee traffic will jam up. In addition, you have 208 units. Let's say you only have one car per unit trying to get out at the same time, you have 208 cars trying to get out at one exit. I think that traffic is a bigger issue than some of the other issues we have, and I personally want to see more detail. At 8:00 am in the morning, Vanderbilt Beach Road near I-75 is jammed.

A: Thank you for your questions. We will provide you with a business card and you could send us all additional questions you may have. Regarding traffic, we have submitted a Traffic Impact Statement (TIS). I'm not sure how things are done in Maryland, but I can tell you that in Collier County, there is a very stringent review process. There are very stringent guidelines as to how transportation reports are put together and they are scrutinized by staff. We are going through that review, and we are meeting TIS requirements. Also, when it comes to the number of trips, and the methodology used for that report, this is a methodology that's agreed to with by staff, and staff has to sanction that methodology before a report can be put together. Not only that, but the number of trips generated by this type of development is based on national standards. There are traffic manuals that look at different types of uses. We have to abide by those numbers to generate our report and we have done that.

C: I live two lots over where you are proposing the development on 7 acres off Cherry Wood Drive. Let me just start by saying this is ridiculous. You talk about respect for the community, but you keep us out here to be eaten up by bugs and your excuse is that you have a contract with the venue, and they did not come open the door? If I was the developer, you would lose your job. Also, you can't find something a lot closer? So you're definitely starting off on the wrong foot. Second, what if we get our own traffic study? Because you know, guns for hire, right? Before anything, you should have a light there. You cannot expect them to have to do U-turns to get out of there. Without a traffic light, the county shouldn't have even considered this project. Also, as far as the barrier you have on Cherry Wood Drive, how do we make sure nobody just walks over onto our property with their dogs or bikes or just parents and their kids walking up and down the street? We don't want all that traffic on Cherry Wood. Why not put up gates?

A: You are allowed to hire your own traffic consultant, and you are allowed to present that information to staff. With regards to pedestrian traffic, we will make sure there is no access, and we will take your consideration of a gate back to the client for consideration.

C: First, in my opinion, this shouldn't even be a topic of discussion. This area where I bought and brought my family was zoned for Estates. We bought in this area, for just this property that we have. How would you feel if your home was sitting next to that development going in? And you specifically brought your family and your interests to a land like that. This was not zoned for this type of property, which we don't want. This is not why we moved here. We can't handle it. Traffic and lack of lights is already bad. Take your project somewhere else where it is zoned for that type of use.

C: I just bought next to the project. I'm from here, I've grown up here. I've moved five times to get ahead for work. I have three children, seven, ten, and five. All we want for our kids is the same many of these decision makers likely had when they were kids – the ability to go run outside and be kids, not glued to a tablet. That is why we bought in this residential neighborhood. We put our life savings, and just transacted of this property literally two months ago. Now what your proposing, I'm sure you can understand the position that I'm in. At the end of the day, all we want is for our kids to be able to go run around and be neighborhood kids. What you're proposing as essential workers, I know what that is, and I know what that isn't. At the end of the day, I'm not comfortable allowing my children to go run around. This is a slippery slope, and all of a sudden you will buy out another neighbor and another neighbor. Then what are we left with? I want

you to look me in the eye and just understand what damage you're doing by doing this. I will put everything I have to challenge this and make it difficult for you.

C: My comment is for county staff because I know you guys will not care about this. I have been talking to commissioners about the idea of the slippery slope. I am really concerned about once the developer finds a path to approve this, very developer will come out of the works, but up five or six lots and it will be unstoppable if this happens. I'm concerned the Estates is going to change forever if this goes through. I ask staff to remember this as this project goes forward. We cannot change the zoning in the Estates for this purpose. It will never end. We will lose the estates because a developer needs to make money. I'm going to expect county staff to protect 30,000 Estates residents over one developer.

Q: I live in Logan Estates. As is, I already have trouble getting in and out of my neighborhood on Hickory Wood Drive. Traffic from this development will be coming down Logan and that will create immense traffic issues. Why when we asked you about having the last meeting outside when the venue was not big enough, you said no?

A: *I believe you are confusing this project with another that was proposed at the intersection of Vanderbilt Beach Road and 951. That project was not ours. We specifically changed the time and venue for this meeting at the request of the residents that did not want to go all the way to the library which is further. Also, we were asked to find a venue which held over 250 people.*

Q: Who choose the 5:30 meeting time?

A: *The 5:30 time is pretty much standard for every NIM in Collier County.*

Q: I live on Cherry Wood Drive on the south side. Built there in 1989. There was no Vanderbilt Beach Road and Logan was a dead-end road. Island Walk was a potato farm. This whole operation so far has everyone livid. From the mailing we got from the Neighborhood Company that nobody even opened because it looked like junk mail. Second, we were not given 15 days we were given 7-8 days. Other people had commitments and couldn't make it today. I was very vocal about changing the venue because it was further away. This is still far away, especially in rush hour. That's not how you treat people. It's at 5:30, you don't care about us. I don't know if it was the county or you, but that's not starting off on the right foot. For the county people, and for Mike, for you to even let a developer entertain this is beyond my comprehension. The cemetery next to the project has a buffer, but they don't maintain it. I can see the funeral home and everything on that site. So, I put no stock in a buffer. Our neighbor is a realtor and a greedy guy who purchased this property. While we knew the cemetery could be rezoned, we did not think this property could because it was zoned Estates. Development is happening and lots of people are leaving because they don't want to deal with this stuff. For Mike and all the people at the county, this is opening the flood gates, and you know it. Once this passes, and for what? Affordable housing? Attainable housing? Mike, I know you're a proponent of affordable housing but why open it up to us? Why are you picking on the Estates? Because we don't have a gate? Because its cheaper? What is the deal?

A: *Mike Bosi: Within any property that is owned by an individual, there are property rights that are associated with that property. There are processes that are in place that have been adopted by the Board of County Commissioners for how a individual can seek to re-designate their land from a growth management perspective, and from a zoning perspective. It is a procedure that is codified within our code and our growth management plan (GMP) and our land development code (LDC). This project is seeking to exercise the rights that are associated with the ownership of the property. It does not give them a guarantee on anything. The only thing it guarantees is procedural due process that is afforded to them. This is afforded to every individual that owns property within this county. Staff doesn't get to choose when rules get applied and when they don't. These are the rules that have been adopted by your Board of County Commissioners. We are reviewing this application against the requirements of the GMP and against the*

rezone criteria. We will make a recommendation to the planning commission the planning commission will make a recommendation to the BOCC. Ultimately, your elected officials, the BOCC, will make a decision.

Q: You didn't really talk about the water management section, except to say that there was canal access. Can you talk about that further please? The reason I'm saying this is because we recently just had two hurricanes and our area is very prone to flooding. I am very concerned about the water management, especially on Cherry Wood.

A: I don't believe I said canal access, I said we have a drainage easement on the eastern side of the project. We are in the preliminary stages of engineering design. The concept plan shows water management areas, but as we go through the modeling process this will get refined. We will probably have a combination of dry detention which is wet during rainy season and dry during dry season. As noted, will have to abide by all state and local code for stormwater management. Part of that is pre-treating all the water (A visual was brought up of the concept plan) We will likely have a vaulted system underneath some of the parking lots. This is similar to the dry detention which is open to the sky its just underneath the parking lot. This is very common in today's industry. Many sites in Collier County actually have this now. Again, we will abide by all local and state codes before we discharge. We will attain the water, hold it for a period of time according to all local and state codes before it is discharged to the canal over to the east side of the property.

C: Mike I know that staff has a job to do, please just remember when recommendations are made, that these are our homes. This project doesn't affect just Cherry Wood. I live on the other side. It affects the entire Estates. Please just remember the gravity of that recommendation for the entire Estates and not look at it as if its on Cherry Wood issue or a one street issue, it's not. You guys won't be able to stop future developers. Once one has a path, they all have a path. I realize every situation is different, but we will be fighting developers all over after this and it will never end.

Q: On the west and the south buffer, it's all pepper/exotics. Once you guys clear that out, there will be no visual buffer. Can you take that into consideration?

A: You are correct. There is a requirement as part of the buffering with regards to opacity to make sure there is some shielding there. I can tell you the developer's intent is to provide shielding.

Q: I live in the Vineyards, I'm not right near this development, but I'm concerned with traffic. I am also a meteorologist. If you go visit Houston, its wall-to-wall asphalt and concrete. Ask what happens when 20" of rain falls. It's a natural disaster. If we are not careful the estates will become Houston. This is more than one street or one development, this is taking the entire eastern part of collier county as far as it will go. If it is all impervious surfaces, we will have major floods here. It won't have to be a major hurricane to do so. Just keep that in mind.

A: Thank you. I appreciate the comment. I can tell you I've been to Houston, and I felt like I was on a highway the whole time. I can tell you land use and regulations are extremely different in Houston than they are in Florida.

C: The Estates is for low density residential housing. Period. To rezone this area, they will then be rezoning other areas. The residential housing will disappear. What you have to do, citizens, is fight the rezoning of everything that these people propose. Please.

Q: Has anyone done any studies on wildlife and what's going to happen to the bear and the deer and the coyote and the squirrels and rabbits and racoons?

A: We have to submit an environmental impact statement, which has been done. We have to address all requirements associated with listed species and environmental protection and we will abide by all those regulations.

C: Our street has less than six hundred people on it. You are going to propose to put six hundred people in the middle of our road. Its close to Cherry Wood Drive. Six hundred people on 17.5 acres, which will be less than that after they get through buffering, that is 30 times the density allowed. How desperate is that? I've looked up CIG, none of their other projects are like this. They are all downtown and in urban areas. This is not an urban area. You cannot do this.

Q: What is to prevent an avenue on Cherry Wood being constructed at a later date once people have complained of the traffic?

A: *Right now, we are asking for a PUD rezone. There are going to be very specific conditions associated with that rezone. The developer has no intent on asking for other access points. CIG typically holds onto their projects, so I don't think that is going to change. If at one point, something happens that would warrant another access on Cherry Wood Drive, that would require a full public hearing process. Same process we are going through right now.*

Q: What is the real value to the community for having this? This could be done on land that wouldn't have to be rezoned. Why should we even be open to it?

A: *There is a significant attainable housing component. Housing affordability is a major issue in our county. Unfortunately, big open greenfields are much harder to find then they were 20 years ago when I moved here. We have a very attractive community, we have a great product in Collier County and unfortunately folks, I think that is going to keep happening, people will continue to want to come and live here. Therefore, we think there is a benefit to providing that attainable housing.*

C: I disagree. I don't think there is any value to the community as it stands. There is land which is zoned for this. I don't see the value in this at all.

Q: Tonight, we had a couple people talk about the notification for the meeting tonight. I was out of town starting the 3rd of November. I came back yesterday to find the notice of the meeting today. That's not a 15-day window. Tonight, you got email addresses of the people who came to this meeting. I would like to suggest that instead of just mailing, you email these people as well and that nobody be removed from that mailing list without their expressed written request. The other thing I would ask is there is a community organization called Next Door. Its an online program. How about publicizing what's going on to let people know what's going on. We have got to be notified. Not just you but also the county. There is an opportunity to put transparency out there, let's do it.

A: *Understood. I give you my personal commitment that if you leave us your email, we will email you any requested information available. There is also a website for this project AscendNaples.com which you can visit and put your info in. Also, all presentation materials will be on the website.*

Q: If you are measuring the buffer, where do you start from?

A: *Depending on what buffer we're talking about, some of them will go all the way to the property line. To the south, we have is a roadway easement of 30 feet. The preserve will act as a buffer. We will start from that roadway easement, and it will be 50 feet. If at some point, people exercise the right to make improvements in that easement, that could change.*

Conclusion:

Since there were no further questions or comments, Mr. Vanasse adjourned the meeting at approximately 7.15 p.m. He further apologized for the inconvenience with regard to the venue space. Mr. Vanasse also expressed that people can call and send any further comments to his team. He then reminded everyone of the future public hearings and noted there will be notifications for those hearings.

MEMORANDUM

DATE: November 15, 2022

TO: **Rachel Hansen, Principal Planner**
Collier County– Planning and Zoning Division
Laura DeJohnVEN, Principal Planner
Collier County – Growth Management Department

FROM: Patrick Vanasse, AICP 
The Neighborhood Company

PROJECT NAME(S): Vanderbilt Beach Road Residential Subdistrict Growth Management Plan Amendment (GMPA) (**PL20220003213**);
Ascend Naples Residential Planned Unit Development (RPUD) (**20220002908**)

SUBJECT: Zoom Neighborhood Information Meeting (NIM) Summary

The Ascend Naples Virtual Neighborhood Information Meeting was held on November 15, 2022, at 5:30pm.

Applicant and Agent Attendees are as follows:

- Gregg Fusaro, Partner – CIG Communities
- David Bastos, President – CIG Communities
- Patrick Vanasse, AICP, President – The Neighborhood Company
- Blake Finnegan, Planner – The Neighborhood Company
- Richard D. Yovanovich, Esq – CYK Law Firm
- Rachel Hansen, Principal Planner – Collier County Planning and Zoning Division
- Laura DeJohnVEN, Principal Planner – Collier County Growth Management Department
- Jenna Buzzacco Foerster, Public Affairs Director – Gravina, Smith, Matte & Arnold
- Norm Trebilcock, AICP, PTOE, PE – Trebilcock Consulting Solutions, PA
- Josh Fruth, Vice President of Engineering – Peninsula Engineering
- Andrew McAuley, Senior Environmental Consultant – Earth Tech Environmental, LLC
- Russ Weyer, President – Real Estate Econometrics, Inc.

The following provides a summary of the meeting presentation along with questions, concerns or issues that were raised at the meeting; and the applicant's responses:

Presentation Summary (Started at 5:30 pm):

Mr. Vanasse began the meeting by providing a brief overview of the Comprehensive Plan Map Amendment and Planned Development rezone under review by the Collier County Planning and Zoning Department staff. He then introduced himself and the project team. Mr. Vanasse provided details about the existing property regarding its location, current zoning, future land use designation, and adjacent land use designations.

From there, Mr. Vanasse further outlined the request of the applicant that was submitted to Collier County and explained that the GMPA and PUDZ are requested in order to allow a multi-family rental project with a commitment to provide 30% of the units as workforce housing. This involved detailing the Comprehensive Plan Map Amendment and reviewing the existing Future Land Use Map (FLUM). He then explained the proposed small scale Growth Management Plan Amendment (GMPA) application to remove the property from the Golden Gate Area Master Plan (GGAMP) and designate it as "Vanderbilt Beach Road Residential Subdistrict".

Mr. Vanasse then reviewed the proposed Planned Development rezone from Estates to RPUD. He discussed the Master Plan and the specific details proposed related to the plan. Such details included setbacks, buffers, distance separation from adjacent uses, and other specific site design components. Line-of-sight exhibits of the proposed project were displayed from each direction. Mr. Vanasse then shared some additional benefits of the project while also emphasizing efforts that have been made to ensure compatibility with surrounding properties. The presentation concluded with Mr. Vanasse outlining the process and timeline for the application review process and future public hearings. He then noted all documents associated with this application were available on the county portal. The floor was then opened for questions. Residents were required to type-in their questions in the chat box which were then addressed individually after the meeting presentation had concluded.

Questions Summary:

Q: Will there be double turn lanes into the community?

A: *The main entrance will have a right turn lane. The emergency entrance will not have a turn lane, it will just be a driveway. Staff has asked us to look into providing a developer commitment to have a median turn lane for vehicles that need to make a U-turn to head west. There is an existing median at the signal at Island Walk that would provide for U-turn as well. However, the project will have just one right in right out entrance. The other is for emergency access only.*

Q: The site plan says two story, but the traffic study states 2-3 stories. Can you clarify?

A: *We are responding to that comment from staff. The traffic study has been corrected and will be resubmitted and consistent with overall request of two stories and a zoned height of 35 feet.*

Q: Will there be a water retention pond?

A: *We are still in the design phase of the site horizontal work. There will be some combination of dry retention or possibly a vaulted underground system which will act like other traditional water management system but underneath the parking area or drive isles within the project. Details will be determined at SDP.*

Q: How will waste management be handled?

A: *Code requires either a compaction operation or a(dumpster) enclosure which will shielded by landscaping and contracted with the county or a private enterprise. It will be no different than any other multi-family project in Collier*

County. After zoning approvals, we go through site development plan approval, and this is where these details will be defined.

Q: Where is this project in proximate location to Vanderbilt Reserve Townhomes?

A: *We are not sure. As we look it up now, it looks to be about approximately half a mile north.*

Q: In the proposed new home concept, what is the maximum number of people that can live in the structure?

A: *I don't have an exact number as to how many people. The maximum units in those buildings would be 10 units, varying in sizes from studios to several bedrooms. I believe if you take an average of persons per household of 2.3 from Collier County census data, that will give you an idea of how many people in each structure.*

Q: You seem to care about the impact on Cherry Wood Road, don't you care about the impact on traffic on Vanderbilt Beach Road? What about all the living trees you will kill and the wildlife that will suffer? You are focusing on visibility from the street. The local community cares about important things, not these.

A: *We have strict preserve requirements in Collier County. We will abide by those and provide the preserve that seeks to best protect the highest quality habitat. We also have to go through the Water Management District process which identifies wildlife impacts as well. Our project will not trigger any drop in level of service on the roadway for the project. The level of service is predicted to remain the same.*

Q: What is the legal definition of essential service personnel? My definition would be any person who is dependent on a job in Collier County. It should not be limited to government workers.

A: *I don't have a definition with me, but I believe Collier County may have a definition of essential services in their land development code. We have been asked to revise our documents to use that exact definition and we will do so. When we resubmit, we will use the County's definition of essential service personnel.*

Q: Will the community be gated?

A: *Yes, the intent is for the community to be gated and have controlled/ restricting access.*

Q: Will pets be allowed?

A: *Pets will be permitted. There is a defined policy on number and types of pets.*

Q: Will community members be sent updates?

A: *You will be notified of the public hearings. As mentioned, documents are available through the county. As we refine our application and resubmit, you can get those evolving documents through the county. Like all public meetings, those will be advertised, and everyone is welcomed to attend.*

Q: What ties do you have to the local community as an out-of-state builder?

A: *The developer has a home in Bonita Springs in which he lives for a portion of the year. He also has another current project on Immokalee Road. He has been coming down to this area for many years. Typically, when they build a project, they retain that project for many years and manage it themselves.*

Q: The development is low-income housing, which is not the norm in the surrounding area. This often brings crime and, over time, reduced property values. How do you respond to these concerns?

A: *We'll provide more detail at the hearings. This by far is should not be considered low-income housing. The rents are going to be significant and probably exceed many mortgages in the area. The attainable housing falls within the category of people making 80% or below of AMI or 100% of the median income for the area. The project is targeted for working individuals. The average median income in Collier County is \$98,600 for a family of four. As I understand, a two-bedroom rent at the 100% threshold is going to be approximately \$2,200 a month for the income restricted*

units. The market rate units will obviously be higher. To say that this is low-income housing is not a correct characterization of the project being provided.

Q: Will there be an on-site manager?

A: Yes, there will be on-site management.

Q: What is the average price of a two- or three-bedroom unit? Will these be rentals only?

A: This is a rental community. The price will be consistent with the market. This project will not be built for at least two years, if not more. The rents can change during that time. We do not have a definite number. The product that this developer provides is typically on the higher end of the rental market and usually a higher quality product.

Q: Are these high-end condos or townhomes?

A: They are high end apartments. They will be rental units. The finishes and design are what makes them high end along the high-end amenities provided on site.

Q: Will a traffic light be added to accommodate traffic from the side to westbound Vanderbilt Beach Road?

A: This project does not trigger the need for any traffic lights. The development and applicant do not request lights. Traffic lights are typically based on warrants and meeting certain criteria set by the Florida Department of Transportation and the county. We do not trigger any of those warrants and no light is planned. The proposed right-in right-out does not typically require any signalization.

Q: Has the traffic consultant factored in the expanded roadway and additional traffic to the east?

A: The Traffic Impact Statement was prepared according to county-approved methodology using the county traffic data and utilizing a growth factor for projected traffic. We also look at the county's trip bank of projects that are coming online which we also have to account for. When looking at a project horizon of 2027 as indicated, there is no level of service issue.

Q: How many units will be built?

A: The request is for a maximum of 208 units. The exact number that gets built is still contingent on many factors such as water management, open space, parking, preserve, etc.

Q: Are you aware of the protected scrub jay birds that currently reside on this plot of land?

A: During the protected species survey, no listed species were identified on the property. This includes a review of scrub jays. The existing habitat is not necessarily a scrub habitat that these birds prefer.

Q: How many 1-, 2- and 3-bedroom units will there be?

A: This again will depend on market forces. Typically, approximately 45% will be one-bedroom, 15% will be studios, 30% will be two-bedrooms, and 10% three bedrooms are associated with these types of products.

C: There is a residing eagle in the area, as well as owls.

A: Noted. The environmental specialist will determine if this is a concern for the property.

Q: Will there be unit garages? Will they be one- or two car garages?

A: The current architectural design consists of single car garages for some of the units, but not all. Most will have surface parking and there will be some units with garages.

Q: Will there be covered parking?

A: Preliminary design has some one car garages and some surface parking.

Q: What high school will serve this proposed community? Gulf Coast or Aubrey Rogers?

A: *I believe it will be Gulf Coast High School.*

Conclusion:

Since there were no further questions or comments, Mr. Vanasse adjourned the meeting at approximately 6.15 p.m. The county Planners, Laura DeJohnVEN and Rachel Hanson then followed up with their contact information. Mr. Vanasse also noted to feel free to send any further comments to his team. He then reminded everyone of the in-person meeting the following day at the Florida Sports Park which he hopes everyone can attend.

AFFIDAVIT OF COMPLIANCE

I hereby certify that pursuant to Ordinance 2004-41, of the Collier County Land Development Code, I did cause the attached newspaper advertisement to appear and I did give notice by mail to the following property owners and/or condominium and civic associations whose members may be affected by the proposed land use changes of an application request for a rezoning, PUD amendment, or conditional use, at least 15 days prior to the scheduled Neighborhood Information Meeting. *For the purposes of this requirement, the names and addresses of property owners shall be deemed those appearing on the latest tax rolls of Collier County and any other persons or entities who have made a formal request of the county to be notified.* The said notice contained the laymen's description of the site property of proposed change and the date, time, and place of a Neighborhood Information Meeting.

Per the attached letters, property owner's list, and copy of newspaper advertisement which are hereby made a part of this Affidavit of Compliance

(Signature of Applicant)

State of Florida
County of Collier

The foregoing Affidavit of compliance was acknowledged before me this 11 day of NOVEMBER, 2010²² by Blake Finnegan, who is personally known to me or who has produced _____ as identification.

(Signature of Notary Public)

NOAH MEDEIROS
Printed Name of Notary

October 17, 2022

Dear Property Owner:

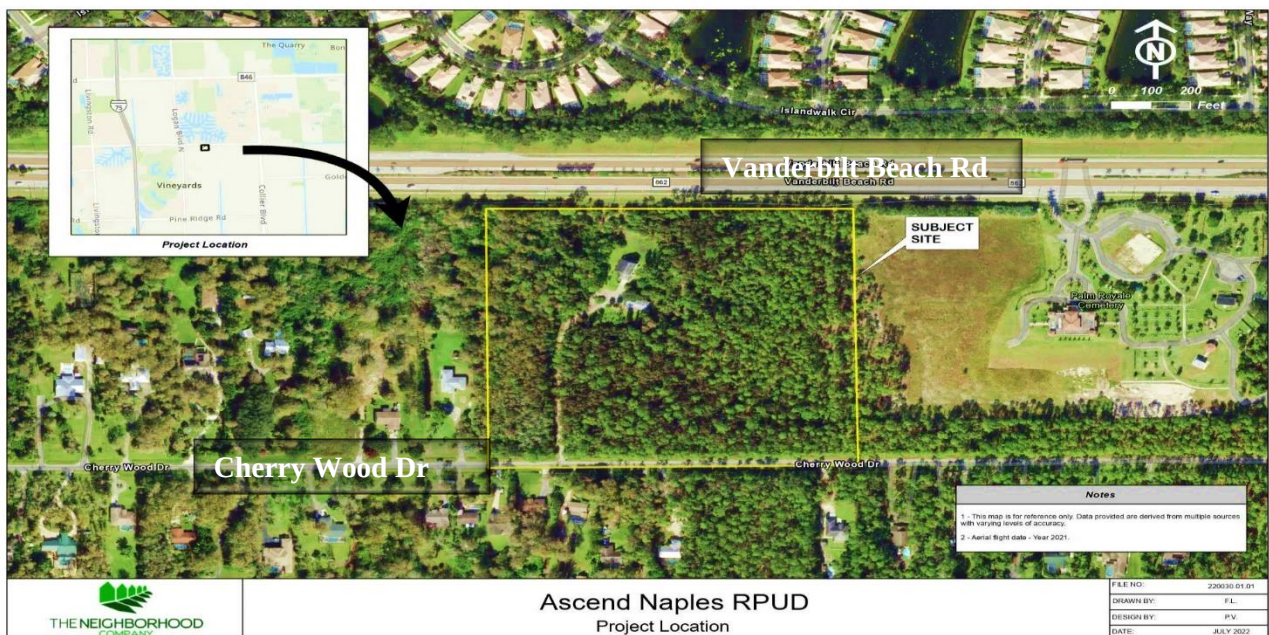

PLEASE NOTE THAT THE PREVIOUSLY SCHEDULED NEIGHBORHOOD INFORMATION MEETINGS FOR THIS PROJECT WERE CANCELLED DUE TO THE IMPACTS FROM HURRICANE IAN AND PER REQUESTS FROM RESIDENTS FOR A DIFFERENT TIME AND VENUE.

A NEW VIRTUAL MEETING WILL BE HELD ON NOVEMBER 15TH, 2022, AT 5:30 P.M. VIA A ZOOM WEBINAR. PLEASE VISIT ASCENDNAPLES.COM TO OBTAIN THE LINK TO THIS MEETING.

A NEW IN-PERSON MEETING WILL BE HELD ON NOVEMBER 16TH, 2022, AT 5:30 P.M. AT THE FLORIDA SPORTS PARK LOCATED AT 8520 RATTLESNAKE HAMMOCK RD NAPLES, FL 34113.

Please be advised that formal applications have been submitted to Collier County seeking approval of a Growth Management Plan Amendment and a Residential PUD Rezoning (PL20220003213 and PL20220002908) for the following property:

The subject property consists of four parcels totaling 17.5± acres of land (Property ID No's.: 41829320001; 41829400002; 41829361002; 41827320003) located along Vanderbilt Beach Road approximately 0.5 miles east of the intersection of Logan Boulevard and Vanderbilt Beach Road (See Figure 1). The specific address is 5091 Cherry Wood Dr, Naples, FL 34119.

The petitioner is asking the County to approve these applications to allow for a multi-family, luxury rental community. The proposed project would include a maximum of 208 units with 30% of the units set aside as attainable housing targeted for essential service workers such as, but not limited to, teachers, police officers, firefighters, and government employees.

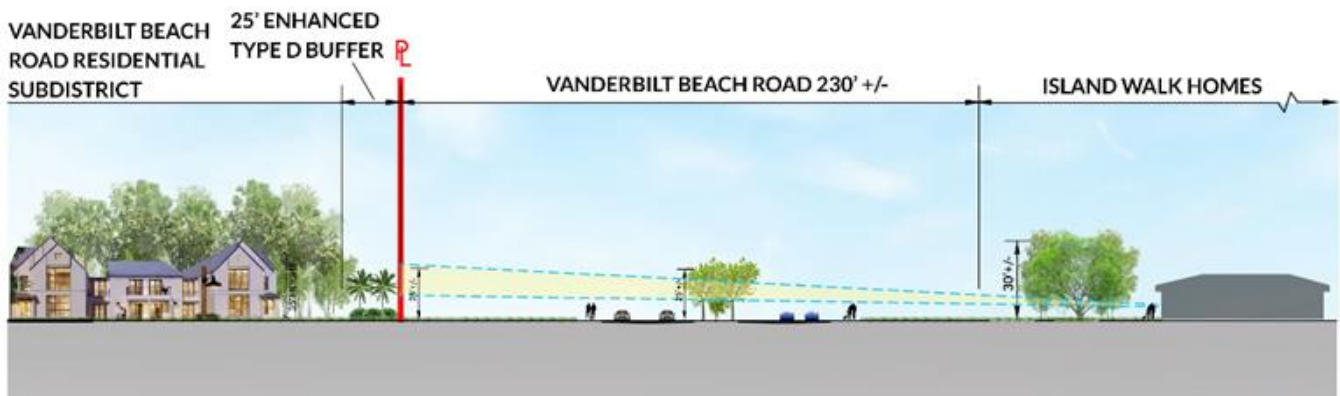

The property's location along a major arterial and next to the cemetery and mausoleum, as well as its size, allows it to be completely buffered and shielded from abutting single-family residential uses. Renderings of the proposed development are presented below showing how the project will be buffered and setback significantly from Vanderbilt Beach Road and adjacent residential properties to the west and to the east.

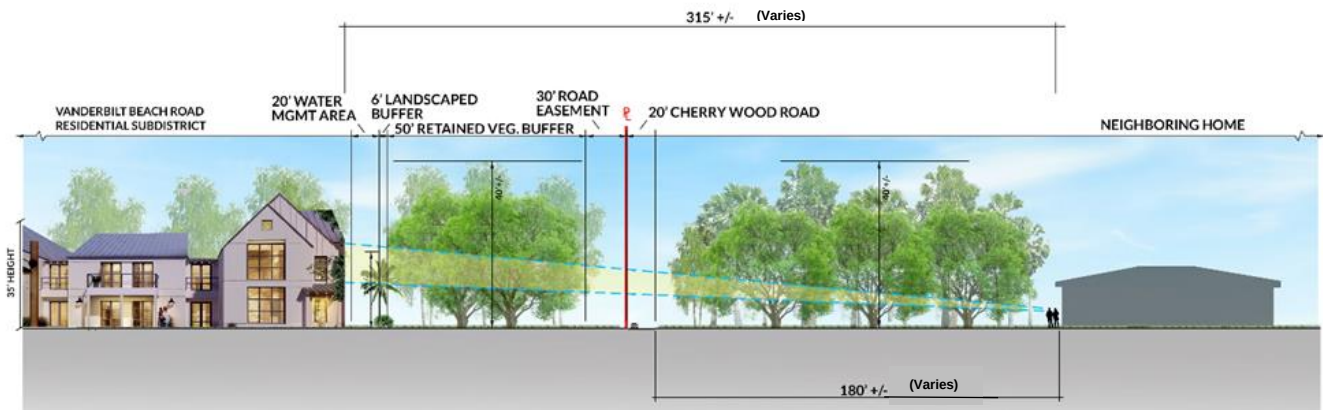

(Big Home Residential Concept)

As depicted above, the Applicant is also proposing a “Big Home Residential Concept” with attractive farmhouse architecture and a maximum building height of 35', similar to single family homes in the Estates. Moreover, access to the project will be from Vanderbilt Beach Road exclusively. There will be no access onto Cherry Wood Drive.

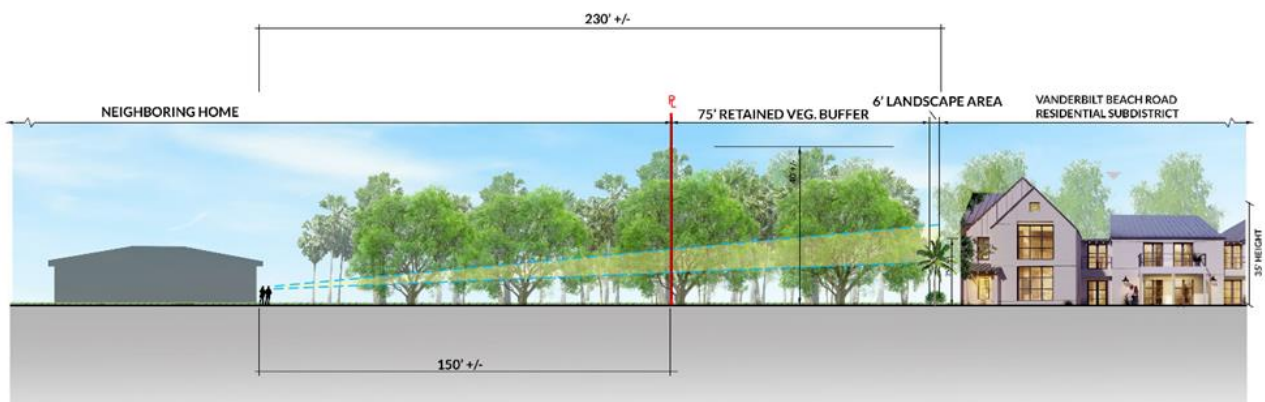

In compliance with the Land Development Code requirements, two Neighborhood Information Meetings will be held to provide you an opportunity to become fully aware of our development intentions and to give you an opportunity to influence the form of development. **The first meeting will be virtual. The meeting will be held online via a Zoom Webinar on November 15th, 2022, at 5:30 p.m.** Should you choose to participate in the Zoom meeting, please visit the [AscendNaples.com](https://www.ascendnaples.com) website to obtain the link to this meeting. If you have any trouble accessing this link, please notify us via email at bf@theneighborhoodcompany.com prior to **November 14th, 2022**. **The second meeting will be held on November 16th, 2022, at 5:30 p.m., at The Florida Sports Park located at 8520 Rattlesnake Hammock Rd Naples, FL 34113.**

(View from Island Walk homes looking south across Vanderbilt Beach Road)

(View from Cherry Wood Drive looking north)

(View from neighboring home to the west looking east)

At these meetings the petitioner will make every effort to illustrate how the property will be developed and to answer questions. Should you have questions prior to the meeting, please contact me at pv@theneighborhood.company or 239-398-2016. For additional project details, see AscendNaples.com.

Sincerely,

Patrick Vanasse, AICP

NEIGHBORHOOD INFORMATION MEETING

The public is invited to attend neighborhood information meetings (NIM) held by Patrick Vanasse of The Neighborhood Company, representing Vanderbilt Living, LLC.

Virtual Zoom Webinar Meeting
November 15th, 2022, at 5:30 p.m.

Should you choose to participate in the Zoom meeting, please visit the AscendNaples.com website to obtain the link to this meeting. If you have any trouble accessing this link, please notify us via email at bf@theneighborhood.company prior to November 14th, 2022.

In-Person Meeting
November 16th, 2022, at 5:30 p.m. at The Florida Sports Park (8520 Rattlesnake Hammock Rd Naples, FL 34113). Subject Property: 5091 Cherry Wood Dr located along Vanderbilt Beach Road approximately 0.5 miles east of the intersection of Logan Boulevard and Vanderbilt Beach Road:

The property owner is petitioning Collier County for a Growth Management Plan Amendment and Rezoning from Estates to Residential Planned Unit Development (RPUD) (PL20220003213 and PL20220002908) to allow for a multi-family, luxury rental community. The proposed project would allow a maximum of 208 units with 30% of the units set aside as attainable housing targeted for essential service workers such as, but not limited to teachers, police officers, firefighters, and government employees

WE VALUE YOUR INPUT

Business and property owners, residents and visitors are welcome to attend the presentation and discuss the project with the owner/developer and The Neighborhood Company. If you are unable to attend this meeting, but have questions or comments, they can be directed by mail, phone, or e-mail by November 15th, 2022, to:

Patrick Vanasse
The Neighborhood Company

NEIGHBORHOOD INFORMATION MEETING

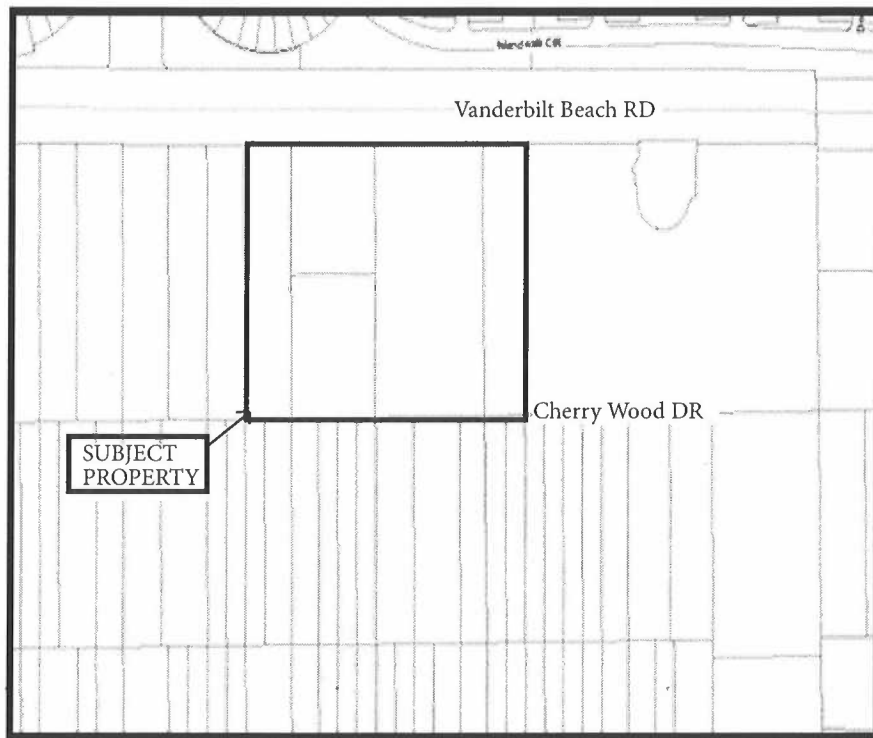

The public is invited to attend neighborhood information meetings (NIM) held by Patrick Vanasse of The Neighborhood Company, representing Vanderbilt Living, LLC.

Virtual Zoom Webinar Meeting November 15th, 2022, at 5:30 p.m.

Should you choose to participate in the Zoom meeting, please visit the AscendNaples.com website to obtain the link to this meeting. If you have any trouble accessing this link, please notify us via email at bf@theneighborhood.company prior to November 14th, 2022.

In-Person Meeting

November 16th, 2022, at 5:30 p.m. at The Florida Sports Park (8520 Rattlesnake Hammock Rd Naples, FL 34113). Subject Property: 5091 Cherry Wood Dr located along Vanderbilt Beach Road approximately 0.5 miles east of the intersection of Logan Boulevard and Vanderbilt Beach Road:

The property owner is petitioning Collier County for a Growth Management Plan Amendment and Rezoning from Estates to Residential Planned Unit Development (RPUD) (PL20220003213 and PL20220002908) to allow for a multi-family, luxury rental community. The proposed project would allow a maximum of 208 units with 30% of the units set aside as attainable housing targeted for essential service workers such as, but not limited to teachers, police officers, firefighters, and government employees

WE VALUE YOUR INPUT

Business and property owners, residents and visitors are welcome to attend the presentation and discuss the project with the owner/developer and The Neighborhood Company. If you are unable to attend this meeting, but have questions or comments, they can be directed by mail, phone, or e-mail by November 15th, 2022, to:

Patrick Vanasse
The Neighborhood Company
239-398-2016
pv@theneighborhood.company

October 17, 2022

Dear Property Owner:

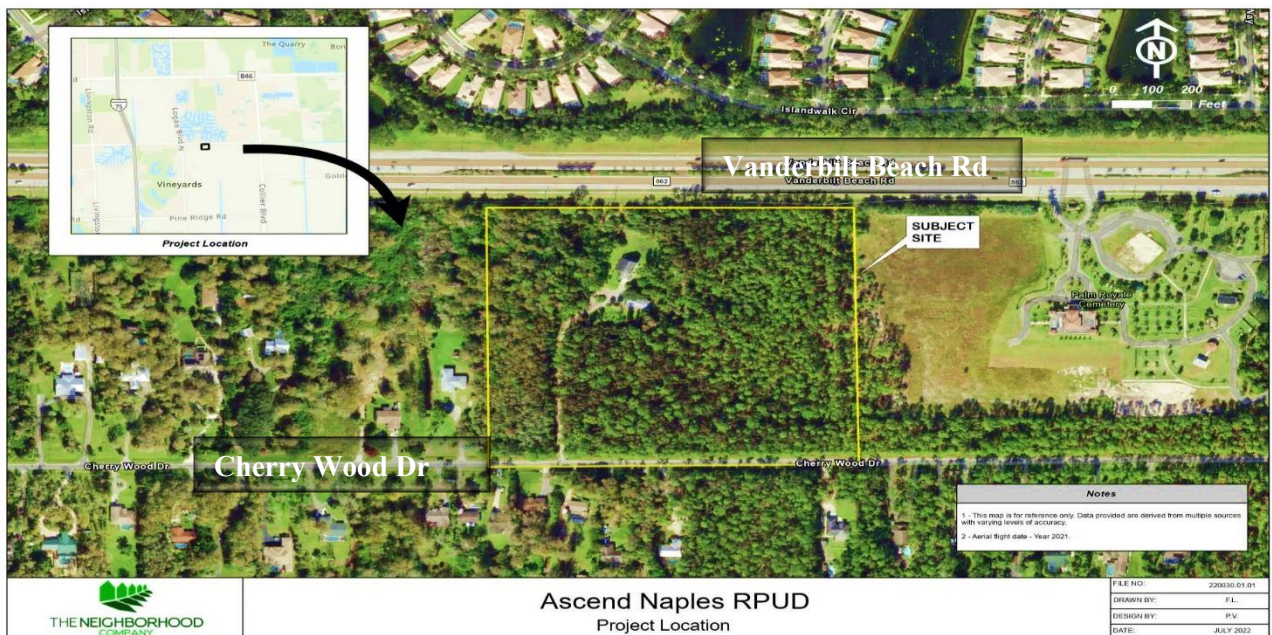

PLEASE NOTE THAT THE PREVIOUSLY SCHEDULED NEIGHBORHOOD INFORMATION MEETINGS FOR THIS PROJECT WERE CANCELLED DUE TO THE IMPACTS FROM HURRICANE IAN AND PER REQUESTS FROM RESIDENTS FOR A DIFFERENT TIME AND VENUE.

A NEW VIRTUAL MEETING WILL BE HELD ON NOVEMBER 15TH, 2022, AT 5:30 P.M. VIA A ZOOM WEBINAR. PLEASE VISIT ASCENDNAPLES.COM TO OBTAIN THE LINK TO THIS MEETING.

A NEW IN-PERSON MEETING WILL BE HELD ON NOVEMBER 16TH, 2022, AT 5:30 P.M. AT THE FLORIDA SPORTS PARK LOCATED AT 8520 RATTLESNAKE HAMMOCK RD NAPLES, FL 34113.

Please be advised that formal applications have been submitted to Collier County seeking approval of a Growth Management Plan Amendment and a Residential PUD Rezoning (PL20220003213 and PL20220002908) for the following property:

The subject property consists of four parcels totaling 17.5± acres of land (Property ID No's.: 41829320001; 41829400002; 41829361002; 41827320003) located along Vanderbilt Beach Road approximately 0.5 miles east of the intersection of Logan Boulevard and Vanderbilt Beach Road (See Figure 1). The specific address is 5091 Cherry Wood Dr, Naples, FL 34119.

The petitioner is asking the County to approve these applications to allow for a multi-family, luxury rental community. The proposed project would include a maximum of 208 units with 30% of the units set aside as attainable housing targeted for essential service workers such as, but not limited to, teachers, police officers, firefighters, and government employees.

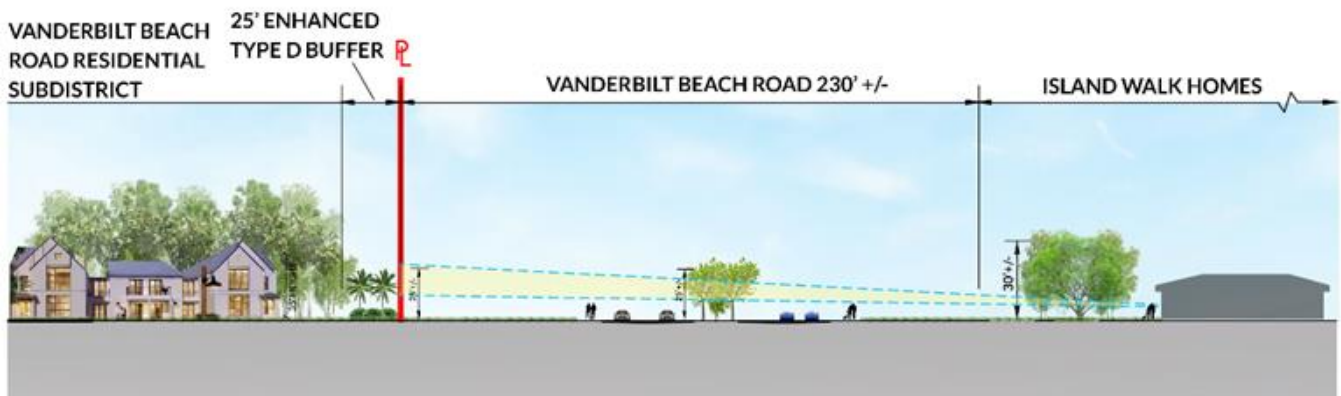

The property's location along a major arterial and next to the cemetery and mausoleum, as well as its size, allows it to be completely buffered and shielded from abutting single-family residential uses. Renderings of the proposed development are presented below showing how the project will be buffered and setback significantly from Vanderbilt Beach Road and adjacent residential properties to the west and to the east.

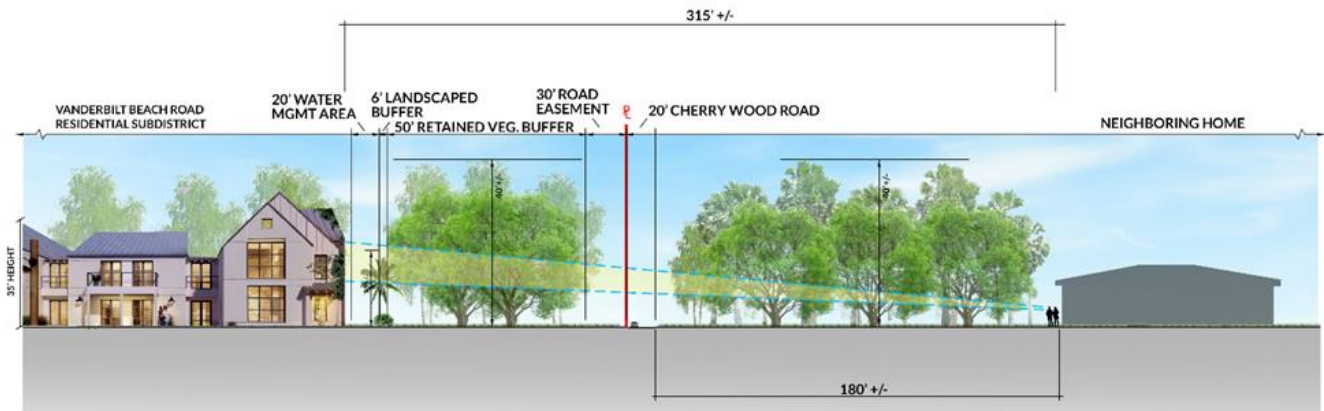

(Big Home Residential Concept)

As depicted above, the Applicant is also proposing a "Big Home Residential Concept" with attractive farmhouse architecture and a maximum building height of 35', similar to single family homes in the Estates. Moreover, access to the project will be from Vanderbilt Beach Road exclusively. There will be no access onto Cherry Wood Drive.

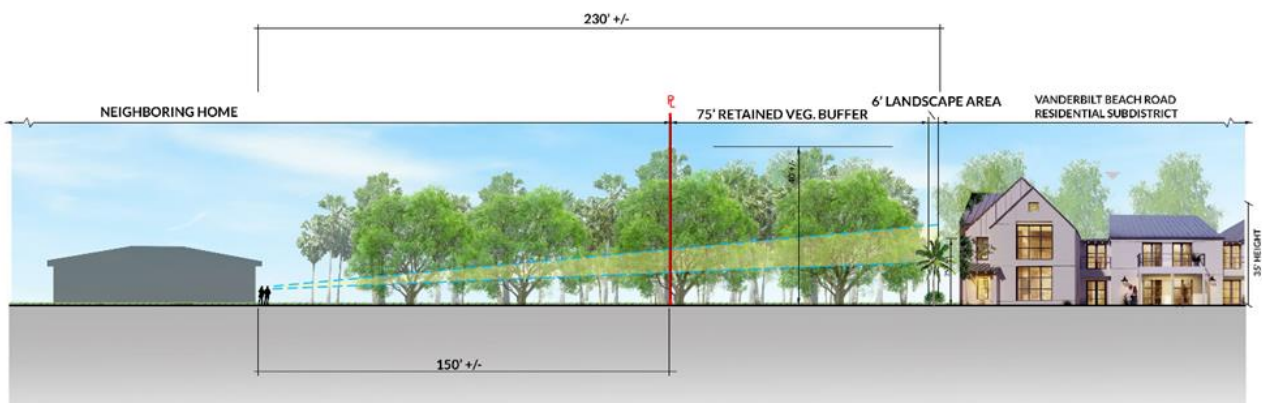

In compliance with the Land Development Code requirements, two Neighborhood Information Meetings will be held to provide you an opportunity to become fully aware of our development intentions and to give you an opportunity to influence the form of development. **The first meeting will be virtual. The meeting will be held online via a Zoom Webinar on November 15th, 2022, at 5:30 p.m.** Should you choose to participate in the Zoom meeting, please visit the [AscendNaples.com](https://www.ascendnaples.com) website to obtain the link to this meeting. If you have any trouble accessing this link, please notify us via email at bf@theneighborhoodcompany.com prior to **November 6th, 2022**. **The second meeting will be held on November 16th, 2022, at 5:30 p.m., at The Florida Sports Park located at 8520 Rattlesnake Hammock Rd Naples, FL 34113.**

(View from Island Walk homes looking south across Vanderbilt Beach Road)

(View from Cherry Wood Drive looking north)

(View from neighboring home to the west looking east)

At these meetings the petitioner will make every effort to illustrate how the property will be developed and to answer questions. Should you have questions prior to the meeting, please contact me at pv@theneighborhoodcompany.com or 239-398-2016. For additional project details, see AscendNaples.com.

Sincerely,

Patrick Vanasse, AICP
