Tom,

I looked over the documents you forwarded. The supply will be verified for the building flow and sprinkler flow design calcs to determine code compliance when the system is installed. Thank you for getting the information to me promptly.

Sincerely,

Shar Beddow

Good morning

As stated in the site plan correction comments, Please submit this information to the fire district for their approval.

I do not see any more fire code concerns, Please attach the fire dept. approval letter to the site plan.

Thank you

Thomas Mastroberto

Hey Tom

We are just about ready to submit again and I wanted you to see it first. Please let me know if you have any questions. Thanks

Nick,

Can you please have a look at this and let me know if you think it resolves everything we were asked for at the fire meeting please?

Also do you want to send this to Tom the fire reviewer and just show it to him or let him know that we are about ready to put this in?

Let me know please.

David A. Samadnejad
